## Student Financial Aid 2021-22

Institution: Dakota State University (219082)

User ID: P2190821

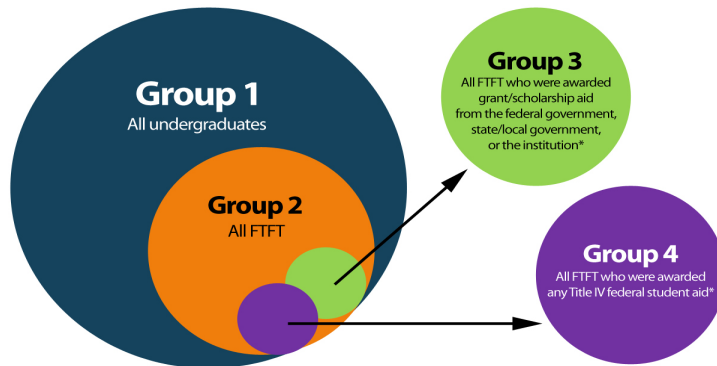

### Overview

#### IPEDS Student Financial Aid Component Overview - Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

#### Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting. For example, if a summer term began later than usual due to Coronavirus Pandemic postponements, continue to report using the timeframes as defined in the IPEDS instructions. NCES expects that some data reported during the 2021-22 data collection year will vary from established prior trends due to the impacts of Coronavirus Pandemic. If an error edit is triggered even when submitting accurate data, please indicate in the corresponding context box or verbally to the Help Desk that the seemingly inconsistent data are accurate and reflect the effects of Coronavirus Pandemic.
- Undergraduate Student Groups  
You will be asked to report information for different groups of students.
  - Group 1: All undergraduate students
  - Group 2: Of Group 1, full-time, first-time degree/certificate-seeking students (FTFT)
  - Group 3: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
  - Group 4: Of Group 2, FTFT students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

\*For public institutions, include only those students paying the in-state or in-district tuition rate. For program reporters, include only those students enrolled in the institution's largest program.

- COA Revisions  
Revisions to Cost of Attendance (COA) used to calculate the net price of attendance can be made in this component. Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.
- College Affordability and Transparency Lists  
Net price amounts calculated in SFA will be used to populate the U.S. Department of Education's College Affordability and Transparency lists.
- Interactive Edits and Error Messages  
SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.
- Context Boxes  
You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

#### Changes to reporting for 2021-22:

There is a new FAQ about reporting financial aid awards for students who attend in the summer.

## Section 1: Comparison Chart

## Comparison Chart

## Reporting Reminders:

- Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 is correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

## Note:

- Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 2,391 and 3,755 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	DSU transferred a large amount of unexpended Federal Work Study funds to Federal SEOG funds which were paid to students as SEOG grants. This increased our average amount awarded to group 2 students.			
Screen Entry	The average amount of this type of aid awarded to Group 2 students is outside the expected range of between 9,511 and 10,875 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Our students had less need for private loans due to the increase in SEOG funds awarded (transferred from FWS) and due to the HEERF emergency grant funds that were disbursed to them.

<b>Screen: Part E - Enter Information about Group 4</b>				
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason	This figure has been determined to be accurate and is consistent with the figure that has been reported for previous years. In many cases, students with family income above \$75,000 do not qualify for grants and may not qualify for merit-based scholarship funds.

Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317) <b>This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.</b>	Explanation	Yes	
Reason	The average grant/scholarship aid to this income level has been flagged as an error each year for the past three years. In many cases, students with family income above \$75,000 do not qualify for grants. We have had an increase in the number of students whose family income falls into this level, but a smaller increase in the number of those students who qualify for grant/scholarship aid which has reduced our average.

<b>Screen: Military Servicemembers and Veteran's Benefits</b>				
Screen Entry	This value is out of range compared to the prior year amount. Please correct your data or explain. (Error #7265)	Explanation	Yes	

Reason	DSU had an increase in the number of graduate students who received tuition assistance but the average number of credit hours those students enrolled in decreased which resulted in a decrease in the average amount of benefits received.
